RE: Hoax SMS: Termination of the WOL Programme

Dear WOL Trainee

It has come to our attention that a hoax text message, stating that the WOL Programme is coming to an end, is being distributed.

Please note that this is **NOT** correct. The programme will continue as planned and as stated in your contracts; stipends will continue to be paid as stipulated in your contracts.

To avoid similar reoccurrences, all bulk SMS' that are distributed to you will be supported by the same signed message on the WOL Webpage. Any SMS that is not supported by a signed Webpage communication should be disregarded.

Regards

A handwritten signature in black ink, appearing to read 'Basil', followed by a period.
