

WEBPAGE NOTICE

7 December 2016

RE: Phase 1 Trainee Artisans Placement

Dear WOL Trainee

You may be aware that Rand Water has initiated a process to contact you individually regarding work placements. If you have not yet been contacted please note that you will be contacted in due course to discuss your placement at your newly identified workplaces.

This process will be continuous for the period December 2016 – January 2017 due to some of the workplaces closing in the December period. Therefore in some instances trainees will commence with their work placement with effect from January 2017.

Regards

A handwritten signature in black ink, appearing to read 'Smail', written over a light blue circular stamp.
