Rand Water adjudicated Number 1 Ranked Best Managed Company in the Water Sector

The long-awaited benchmarking results for the 2022 edition of TOP 500, the definitive guide to South Africa's most successful businesses, have been rigorously checked, completed, and signed off.

We are proud to report that Rand Water performed phenomenally well.

It will be featured in the results index in this year's 13th edition of the directory, **as the number 1 ranked company in the Water sector.**

The purpose of the TOP 500 is to identify the TOP 5 Best Managed companies per each business sector.

The performance of 100 business sectors are reviewed to establish who the TOP 500 companies are, therefore the company needs to be a top-performing

company in its sector and able to rival the largest companies in that respective sector.

The Top 500 Best Managed Companies aim to inspire Africa to do good business by educating and sharing best practices. Over 4000 companies were surveyed across 100 business sectors in SA.
