MEDIA STATEMENT

RAND WATER SCHEDULES PLANNED MAINTENANCE OF ITS G20 PIPELINE

Please be advised that Rand Water (RW) has scheduled planned maintenance of its G20 Pipeline. The maintenance is scheduled for **thirty-nine** (39) hours and will commence from **18h00 on Thursday, 11 May 2023** until **09h00 on Saturday, 13 May 2023**.

Rand Water has formally informed the affected municipal customer, Johannesburg Water (JW) by issuing a **21-day** advance notification of the planned maintenance to allow the entity (JW) to plan and execute appropriate contingency plans.

JW was also advised to inform affected stakeholders and customers accordingly. **Winchester Hills** Ext 1 & 2, **Gillview**, **Mondeor**, **Suideroord** and **Glenanda** will not have water supply from Rand Water during the maintenance duration.

Planned maintenance is necessary to ensure continuous future provision of water to our customers. We, apologise for any inconvenience that may be caused by the implementation of the maintenance project. We urge **ALL** consumers to use water sparingly.
